Dear Sir:

I have been desired by the Executive Committee of the Statue of Liberty, which, as you are doubtless aware, was given to the People of the United States by the People of France in commemoration of the ancient and existing amity of the two peoples, to enquire of you whether you would permit the exhibition of a model of the Statue and Pedestal, which covers perhaps four square yards, in your gallery in Washington.

This is not asked with the intention of having any appropriation from Congress, but to afford the Members of the National Congress and others, an opportunity of viewing the model, as the Legislatures of the several States will be asked to contribute enough to pay for the bronze Shields upon which will be emblazoned the Coats of Arms of the States, and which will be suspended around the Pedestal. The Model, in case of your kind assent, will

be set up by competent persons, and with little inconvenience to yourself, as it has been so constructed as to be easily put up.

Yours Very Truly

My Dear Sirs

At last I have got the Constant shipped this afternoon. I wish you would let me know, as soon as it is unloaded how you like it & in what condition it reaches you. It is insured for its value, in case of loss

Yours truly
Lyman Kelly

The subject of the painting is especially interesting during this Soudan rumpus.

P.S. If the photographer offers you photos., like the one I sent you, at 35c each, would that leave margin enough for you Salesman. I said the photographer 9/- each but perhaps he could supply a number at the above rate. It is not my affair however, beyond informing him. I have told him he may do it on his own account.
